NOTICE

This is to bring to the notice of each and every student about the need and importance of civic responsibility. No citizen has the right to ^{vio}l^{ate} the public peace. Any disobedience to civic responsibility is a punishable crime.

Our college campus is surrounded by residential flats. Students are parking the two-wheelers in the public place. There are complaints from residents about indiscipline by students parking two wheelers. Now, everywhere, things are monitored through surveillance cameras. Therefore, students disturbing public peace would be taken to task. Otherwise college reputation may be spoiled.

Therefore, students are strictly warned to keep public peace.
