Action Taken Report on Dry Waste Management Webinar (2020-21)

The webinar had healthy participation numbers. Participants came from various departments in the college.

The event was conducted on the Zoom platform and it went well. Time management needs to be worked on for future events so that no one has to wait and waste precious time. For a virtual event, this was a success and such webinars have shown student interests in such related topics. This gives motivation to keep organizing such events.
