Report: Traffic Assistance Drive

Event: Traffic Assistance Drive.

Date: 6th September, 2019.

Highlight: The Volunteers were present at the location sharp at 4pm ready to help the police officers in assisting the traffic on the road. The participation of volunteers was observed from 20 to 30. The volunteers had to stand and work like police officers and they tried to sort out the mess created on the road during the time of Visarjan as there was so much of nuisance created by people and the enthusiasm by the people was very high. Volunteers were so much helpful and the co-ordination between them was appreciated. Everyone helped each other and also helped the people there to show the right directions from where to go and from where not to. The volunteers guided the vehicle drivers to stop at the right place so that much traffic does not get created on the road and the others could move swiftly. The experience being there was very satisfying. The volunteers had conversations with the police officers and got to know the hard work which they need to do daily. The volunteers felt good and felt that they contributed their time towards helping the police and serving to the society as the main motive of NSS Unit is NOT ME BUT YOU! Later at 8 pm the volunteers were dispersed and found this drive much helpful and satisfying themselves that they could give some precious time to serve the society.
