Notice (WhatsApp):

Jai Hind

Let's make a difference for our feathered friends this summer!

High temperatures can be challenging for birds, so we have taken a small step to help them stay hydrated. We have to place a bowl of water on my roof/window, creating a refreshing oasis for them.

Join us in this simple yet impactful activity! Place a water bowl near your house or in your garden, and keep it filled with clean water. Together, we can provide a vital resource for birds and other animals during these hot months.

Remember, even the smallest act of kindness can have a ripple effect. Together, let's make this summer a little easier for our feathered friends!

LAST DATE OF THE SUBMISSION IS 15TH JULY, 2023

Report: Bird Feeding Activity

Event: Bird Feeding Activity

Date: 8th June, 2023.

Objectives: to take care of the birds and feed them.

Highlight: The NSS unit of S.M. Shetty College of Science, Commerce, and Management Studies, Powai, has organized bird feeding activities in the month of June. In this activity, volunteers were told to feed the birds by filling any container with some water and keeping them on the window or any other place near their locality. Volunteers were interested in this activity, and they did so.

Total no. of volunteers: 12
