1. Since we cannot take our organs to the afterlife, the best possible way to recycle them is a donation. Be a hero and pass it on.
2. There is no bar for age or caste or color or religion. Come ahead and take part in saving numerous lives by organ donation.
3. It is in our hands if we want to share our life with others. By agreeing to donate our organs, we move one step closer to achieving that wish.
4. Others can live when we agree to give. Be an idol and sign up for organ donation; this simple act can be a relief to many.
