- Volunteers should follow the instructions.
- Volunteers were told reporting time and some basic information about the activity
- The Volunteers were guided by the rules and regulation

**Report: Eco Friendly Sapling Making**

**Event:** Eco-Friendly Sapling Making

**Date:** 2<sup>nd</sup> September, 2023.

**Objectives:** An initiative of reusing plastic bottles in the form of sapling holders and from which we can save the environment.

**Highlight:** The NSS unit of S.M. Shetty College of Science, Commerce and Arts, Management Studies, Powai had organized an activity on Eco-Friendly Sapling Making. In this activity, volunteers had to make the sapling holder and use their creativity to decorate it in college. From this we are making people aware of the environment and the used plastic bottles are reused by this medium. This is a nice opportunity to showcase the creativity in the volunteers. This activity gives a unique message to society and makes them awake to try something environment-friendly.

**Total Number of Volunteers: 22**
