- Plastic solves a lot of problems, it makes our lives easier. We should learn to treat plastic well by reusing and recycling it.
- We don't have to wait for the next one to start cleaning up. Taking responsibility for our plastic trash is already a step in the right direction.
- On the 17th September I.e International Coastal cleanup day, every NSS has to participate in a mega cleanup drive and conduct a coastal cleanup activity at the nearest beach
They were motivated and shared some experiences. It was a graceful speech.
- We all get to learn many things. The program ended by 5:00 Pm.
