Report and Glimpses

A fire safety training programme was held on 7th January 2023 in which non teaching staff from degree college participated. In the event of a fire emergency, the instructor gave guidance on safety precautions to take. We talked about fire prevention at home and at work, different sorts of fire, how to use fire extinguishers, and different kinds of extinguishers. They took part in a demonstration of fire extinguishers as well. The entire staff was given a hands-on demonstration of the extinguishers.

It was a really enlightening and practical fire safety session.
