Report: 16th National Youth Parliament Competition

Event: 16th National Youth Parliament Competition.

Date: 11th May 2023.

Objectives: To debate and discuss current affairs, social issues of our nation.

Highlight: The volunteer of NSS Unit of S.M.Shetty College of Science, Commerce and Management Studies, Volunteers got introduced to volunteers of different colleges, when we started with the rehearsal we were said to perform what we were prepared with. The debate who all prepared was about one hour long. It was so professional and perfect! Participants were prepared very well! We were then told to repair all the doubts we had and clear them out. Then we were instructed about the actual day and flow was explained. On the actual day of the competition, the reporting time was 8.30 am and the dress code was traditional saree for girls and kurta for boys. We reported on time and again started with rehearsal, the aura in the hall was as accurate as Vidhan Sabha. We were explained the flow and we again started with rehearsal once. After one session of rehearsal we then headed to breakfast. About 10.30am guests and former parliament members arrived, the actual debate, conversation was now started, with banging tables of right decisions our team was on the right side and we passed a bill. After a 58-minute session, the guests.

Corrected and appreciated us about our representation. It was now time to distribute certificates and as we collected certificates, somewhere we felt proud as it was not a small opportunity getting a certificate from former parliament member Sir Bratin Sengupta. All over this opportunity encouraged volunteers and made them more confident to participate in further activities.

Then the activity started, all the volunteers were given gloves and a garbage bag, and all the volunteers spread to various areas of the Beach along with their team to clean the respected area. Volunteers started collecting all the waste in the garbage bag. The activity went for 2 hours. After collecting the waste in the garbage bag, all the garbage bags were kept at one place so they could be transferred to the respective garbage trucks. Volunteers help the BMC workers transfer the garbage to the garbage truck, and then there is a photo shoot with each college with the organiser and then a group photo with all the volunteers. The organizers then arrange refreshment for all the volunteers and a hamper with some products of the sponsored team of that organization, and the activity comes to an end.

Jai Hind

Let's make a difference for our feathered friends this summer!

High temperatures can be challenging for birds, so we have taken a small step to help them stay hydrated. We have to place a bowl of water on my roof/window, creating a refreshing oasis for them.

Join us in this simple yet impactful activity! Place a water bowl near your house or in your garden, and keep it filled with clean water. Together, we can provide a vital resource for birds and other animals during these hot months.

Remember, even the smallest act of kindness can have a ripple effect. Together, let's make this summer a little easier for our feathered friends!

LAST DATE OF THE SUBMISSION IS 15TH JULY, 2023

Later, the Resource person started with this session by explaining many postures of Asanas. He also continued to teach many other Yoga exercises and mentioned the benefits we can gain from doing them postures such as Vajrasana, Ushtrasana, Arah- Hala-Asana, Uttana-Pada-Asana, and many other Asanas. At the end, he explained to us about the Pranayama Bhramari Asana by telling us to take deep breaths and make our body relax and calm. It was a good session with Shri Ambika Yoga Kutir.

Report: National Integration Camp, Haryana

Event: National Integration Camp, Haryana

Date: 19th July, 2023 to 25th July, 2023.

Objectives: To bring all the different religion culture and linguistic group together into one single nation with a national consequence.

Highlight: The NSS Unit of Bunts Sangha's S.M. Shetty College of Science, Commerce & Management Studies, Powai participated in the National Integration Camp which was conducted at Hisar, Haryana. They reached the campsite around 11:30 a.m. By the time all the other campers from different colleges across Mumbai also happened to reach, they had an amazing lunch, and they were asked to introduce themselves. Once everybody was done, the organizers of the camp decided to form groups. The main motive was cultural enhancing skills. We used to wake up at 6.00 am followed by yoga and exercises. Every day we had a planned timetable to follow. Then we had a recap session of the day, where each volunteer was requested to share his or her experiences, opinions, leanings, suggestions for the committee, etc. Every morning, they followed the schedule of breathing meditation, yoga, body relaxing sessions, and laughter sessions, which was amazing. Registration and Document verification were done on the first day. The inaugural function was followed simultaneously. After lunch, we used to have activities and interaction among volunteers. In the evening, a Cultural Presentation was held. The very next morning as the day started, followed by Yoga and breakfast, a Motivational Session took place, followed by cultural events. Solo Singing and Poster-making was also done on the second day. Activities used to take place in between the days and Social work along with Tree plantation and much more. The last day was very productive as compared to other days. On the last day, we had a session and a Cultural program. This Camp was an opportunity for all of us to express our feelings of gratitude towards each other. After that, we had a group photo session, and then we finally left for Mumbai.

Date: 2nd September, 2023.

Objectives: An initiative of reusing plastic bottles in the form of sapling holders and from which we can save the environment.

Highlight: The NSS unit of S.M. Shetty College of Science, Commerce and Arts, Management Studies, Powai had organized an activity on Eco-Friendly Sapling Making. In this activity, volunteers had to make the sapling holder and use their creativity to decorate it in college. From this we are making people aware of the environment and the used plastic bottles are reused by this medium. This is a nice opportunity to showcase the creativity in the volunteers. This activity gives a unique message to society and makes them awake to try something environment-friendly.
